

Re: Deficit Reduction Act of 2005 Notice Requirements

To Whom It May Concern:

The Deficit Reduction Act of 2005 (“DRA”) requires certain Medicaid providers to provide contractors and agents of the Medicaid provider with information about the federal and state laws regarding false claims, administrative remedies for false claims and statements, penalties and whistleblower protections under such laws.

MedHealth (dba Methodist Family Health Centers) takes health care fraud and abuse very seriously. To ensure compliance with fraud and abuse laws, MedHealth has policies and procedures in place to detect and prevent fraud, waste, and abuse, and also supports the efforts of federal and state authorities in identifying incidents of fraud and abuse.

MedHealth has implemented to detect and address issues of fraud and abuse. This policy can be accessed on our website at methodistfamilycare.com/fraud-and-abuse-policy/ under the tab entitled “Fraud and Abuse Policy”.
